### Learning begins where mind is FREE

“A mind that is learning is a free mind, and freedom demands the responsibility of learning.”

Education in the true sense is helping the individual to be mature and free, to flower greatly in love and goodness. The highest function of education is to bring about an integrated individual who is capable of dealing with life as a whole. How can we educate our children to be intelligent and free? A diligent mind is actively watching, observing, never sinking into second-hand values and beliefs. A mind that is learning is a free mind, and freedom demands the responsibility of learning. The mind that is caught in its own opinions, that is entrenched in some knowledge, may demand freedom, but what it means by freedom is the expression of its own personal attitudes and conclusions—and when this is thwarted it cries for self-fulfilment. Freedom has no sense of fulfilment. It is free. So when you come to GNIS School, there must be this gentle quality of learning, and with it goes a great sense of affection. When you are really, deeply affectionate you are learning.

It is a matter of great pleasure and satisfaction that GNIS has come up with the first issue of the School Newsletter "PAHAL". We at GNIS are committed to creating an ambience for nurturing innovation, creativity and excellence in our students. We aim to prepare the young Minds confidently and competently face the challenges of intensifying competition by imparting high quality technical and Value Based education coupled with appropriate training and wide exposure to the state-of-art practices. Best wishes for the success and bright future of "PAHAL"

Mr. M.S. Arora  
(Chairman)

The "PAHAL" is the first edition of Guru Nanak International School. The school is indeed a Great Milestone in the History of This Venerable Institution of the Archdiocese of Shivpuri city. It is an opportunity to rededicate itself for the formation of our children. During its growth of the last few years and pray that greater blessings may follow in the years to come. While thanking the Principal, Staff and Students for the glory the school enjoys, I would also like to place on record the sacrificial efforts of the pioneers and all those who have laboured with vision and determination to bring the school to its Further Growth

Mrs S.K. ARORA  
(B.A.)  
Founder & Secretary

It gives me immense pleasure to note that response to this newsletter of our School "PAHAL" has been overwhelming. The wide spectrum of Events in different sections gives me a sense of pride that our students and Teachers possess creative potential and original thinking in ample measures. Each Event is entertaining, interesting and absorbing. My congratulations to the team who took the responsibility for the arduous task most effectively. I am hopeful that this small piece of technical work shall not only develop the taste for reading among students but also develop a sense belonging to the School as well.

MR MAHIPAL ARORA  
(Director)

I am immensely pleased to present to you this special issue of The "PAHAL". This issue of our school News letter showcases our zest for positive growth, crystallizes our imaginations and gives life to our thoughts and aspirations. This is a special time for all of us at **Guru Nanak International School**, The year of devoted service and commitment to society has been the motto of all teachers and staff, who have been the architects and have sculpted hundreds of students. This year, we continue to let our light shine and celebrate many more milestones as we move ahead on this journey of excellence. Thus, endorsing the words of Mahatma Gandhi, "The best way to find yourself is to lose yourself in the service of others."
